

PAINT THE TOWN

©2009 Jim McGregor, Dan Beer

The world is coming to our Country
The torch will soon be on your street
It glows with pride Canadian red
On all the visitors we greet.
In every window, every doorway
On everybody's lawn,
Posters, signs, in red designs
Will urge our athletes on.

CHORUS:

**Bring out your paint brush, grab a roller,
Call the neighbours "Come on over!"
Splash some color around
Celebrate two thousand and ten,
Lets all paint the town!
Lets all paint the town!**

Blend our Mountie's scarlet
With a crimson setting sun
Add a bright autumn maple leaf
Come on let's have some fun
Hang your red long johns on the clothes line
Paint the sidewalks too
But don't stand still or someone will
Slap a coat of red on you

REPEAT CHORUS

BRIDGE:

"Why paint our country red?" you ask,
It's the color I've been told,
That makes the perfect background for
Canadian Olympic Gold!

REPEAT CHORUS
